

MIT Portugal 2030 Flagship Project Declaration of Commitment

Considering the Collaboration Agreement signed between Massachusetts Institute of Technology and Fundação para a Ciência e a Tecnologia, I.P, establishing the objectives, and their respective funding, for the partnership activities implemented beyond 2018, the undersigned hereby declare that they support and agree with the participation of the Principal Investigator [**full name of investigator**] in the proposal [**acronym - full title of the proposal**], to be submitted to the call AAC 04/SI/2019 - *Projetos em Copromoção – Parcerias Internacionais* (Projects in Co-promotion – International Partnerships), as officially published at:

http://www.poci-compete2020.pt/Avisos/detalhe/AA_04_2014.

Should the above proposal be selected for funding after the evaluation procedures defined in the call, the undersigned commit to fund the participation of the Principal Investigator during the duration of the project with a budget up to [amount-based on project area], which is the amount allocated to this partner in the text of the proposal. The exact amount will depend on the total number of projects funded and the reasonableness of the funding request by the partner with regards to the proposed work. The funding for this proposal will be drawn from the funding that has already been foreseen in Appendix A, section 1 of the above-mentioned Collaboration Agreement, thus guaranteeing that the Massachusetts Institute of Technology is capable of funding the Principal Investigator(s) without unjustified delay.
